

At Zero: The Quest for Miracles Through Ho'oponopono,

In New Book, Joe Vitale Reveals The Final Secrets to Zero Limits, Clearing the Hindrances, Limitations and Disturbances on the Way to Living an Inspired, Unlimited, Enlightened Life

Advanced New Techniques of Ho'oponopono, New Stories on How to Apply This Powerful Healing Method and The Way to Reach the Fourth Stage of Awakening

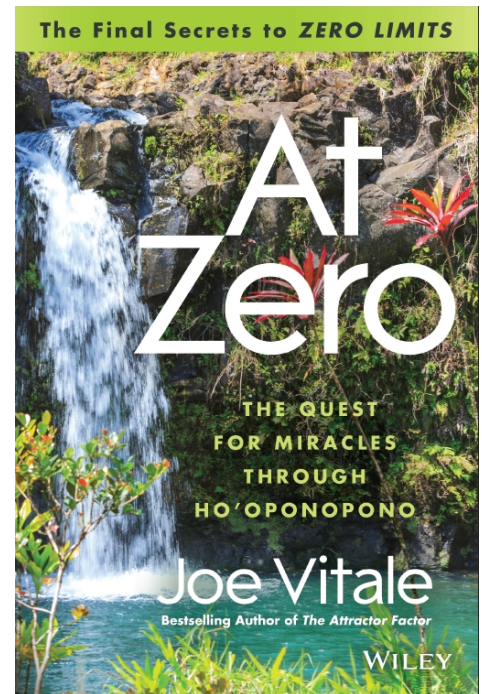

At Zero is the place where no problems can touch you, where life is an easy ride, where inspiration is constantly informing your daily existence, where inner peace resides and where everything is infinitely clear or the answers come quickly, and from which we can attract the financial and personal success we desire. And it is also the state where enlightenment, satori or Nirvana can be glimpsed or experienced.

But for most of us, getting there is elusive. And that is because of the unconscious programming running in our minds that hinders our health, success and happiness.

In *Zero Limits*, bestselling author Joe Vitale revealed the secret of the Hawaiian art of Ho'oponopono, which instantly clears those unconscious programs, *even if we don't know what they are!* In his new book ***At Zero: The Quest for Miracles Through Ho'oponopono*** (Wiley), Vitale takes us the rest of the way--showing how *we can realize our infinite potential and even experience enlightenment* with new advanced techniques of Ho'oponopono.

Life is an inside job, says Vitale. What we experience *externally* can be corrected, adjusted and healed from the inside, using the Ho'oponopono process, repeating the phrases "I love you, I'm sorry, Please forgive me, and Thank you." This deletes those programs that cause us to react to external stimuli in pre-programmed ways, and detaches us from emotional ties to others, to our own memories and to our limiting beliefs. This is known as "cleaning" – and by cleaning and cleaning again, one can reach the stage of Zero, where emotions no longer create a rollercoaster life, where other people cannot disturb your peace, where you can manifest your dreams, and where you can clearly hear the inspiration that springboards your success.

Zero is the state of magic, miracles and no limitations.

Getting to Zero requires a commitment to cleaning. “After learning the basic four-phrase Ho’oponopono process people often complain that more negative events than positive ones seem to occur. Why does this happen?” says Vitale. “Think about a glass of water that’s been sitting for a while. When you stir it, the gunk floats around and some of it invariably rises to the top. You have to keep cleaning to catch all of the dirt. The programming in our minds rests in deep and murky places, so we may experience darkness before we experience the light. But we have to get the debris out before we get to the clean water. Cleaning, literally, cleans.”

In ***At Zero: The Quest for Miracles Through Ho’oponopono***, Vitale provides specific direction on how and when to apply *Ho’oponopono*, new processes, compelling new stories and a pathway to the fourth stage of awakening: enlightenment itself. He introduces us to a new healer, the last of the astonishing Hawaiian Kahunas, who, in fact, mentored Vitale’s master teacher Dr. Ihaleakala Hew Len, co-author of *Zero Limits*.

Joe Vitale, globally famous author, speaker, musician and healer, is an authentic practitioner of modern Ho’oponopono. He is also a certified Reiki healer, certified Chi Kung practitioner, certified clinical hypnotherapist, certified NLP practitioner, ordained minister, and holds a doctorate in metaphysical science. The author of the international bestsellers *The Attractor Factor*, *Life’s Missing Instruction Manual*, *Attract Money Now*, *Faith*, among many others, Vitale was featured in blockbuster film “*The Secret*.” Most recently, songs from six of his “*healing music*” CDs were recognized and nominated for the Posi Award, regarded as “The Grammys of Positive Music.” Vitale is considered today’s most powerful leader and coach on how we can achieve miracles *everyday*.

Life will always present challenges. As Vitale’s ***At Zero*** affirms, the practice of Ho’oponopono guides supporters through the journey of life with the tools they need to rid themselves of hindrances and open themselves up to infinite possibilities—and the possibility of experiencing the state of enlightenment.
